See below details our company .

Set within the historic Royal Docks, adjacent to events venue ExCeL, the Yacht Hotel is the world's first custom built Yacht Hotel offering guests a truly unique accommodation experience on a par with the world's finest cruise liners.

Luxurious and spacious suites, relaxing saunas and top class restaurants and bars all conspire to make your stay aboard this unique hotel a truly memorable one. Corporate guests are also able to take advantage of the fully IT connected auditorium and meeting rooms.

An expansive area reaching eastwards from Tower Bridge, Docklands is one of the most interesting and varied areas of London. The specially designed wharfs for various cargoes date back to the 18th and 19th centuries at the height of the British Empire, and due to both the disintegration of this empire and the extensive bombing in World War II the area has been recreated with some of London's most modern and stylish buildings, including the landmark Canary Wharf Tower. Architecturally and historically diverse, today's Docklands is a thriving, bustling business district replete with luxury residences and smart shops, bars and restaurants.
